# WALLOON WATER COMPANIES

ÉWE is a Walloon non-profit organization gathering contractors and engineering offices of the water private sector, focused on installation of equipment, services and/or studies for water cycle public operators, waterways administrations, industries.

## OUR SKILLS

- › Intake
- › Pumping
- › Supply
- › Water treatment
- › Distribution
- › Network optimization
- › Wastewater treatment
- › Hydrological regulation
- › Irrigation
- › Turbine
- › Hydroelectricity

## OUR ASSETS

- Wallonia
- Other headquarters
- Activity countries

# OUR REFERENCES

Process water treatment plant in Antwerpen (Belgium) - TOTAL - 7.200 m<sup>3</sup>/day

Wastewater treatment plant in Liège-Oupeye (Belgium) AIDE - 80.000 m<sup>3</sup>/day
